

# HUMANE SOCIETY OF INDIANAPOLIS

## **“I have a dog and I’m having a baby.....What do I do?”**

Sometimes behavior and jealousy issues arise with your pet when new family members are introduced. Now you can learn new ways to prevent jealousy and assess canine behavior at a class offered by Clarian Health. You will learn how to help your dog get used to having a newborn around. This class can be taken before or after the baby is born. For more information and a schedule of classes please visit:
